General Questions

Why do I need a regular eye examination?

Regular eye exams are crucial to your vision and overall health. Eye examinations can lead to the early detection of several vision and health-related conditions, including glaucoma, diabetes, cataracts and hypertension. And because early detection is key for treatment, regular eye examinations play a vital role in ensuring a healthy life.

Eye exams are important to all ages. The American Optometric Association recommends eye exams begin as early as 6 months of age and continue regularly throughout a person's life. Undiagnosed vision problems can interfere with learning in school-age children and can lead to irreversible vision loss significantly impacting everyday activities at any age.

Will I save more with this vision care benefit, or with an eyewear coupon or other promotional offer?

Take a moment to review your plan coverage. In almost every instance, you will find that your vision care plan delivers greater savings and lower out-of-pocket costs at more provider locations than a coupon or special offer. You can also use your benefit when it is convenient for you, without having to worry about coupon expiration dates or limited time offers. Please note, your benefit cannot be combined with any other discounts or promotional offers. You are responsible for copays, any remaining out-of-pocket expenses and applicable sales tax.

Who is a subscriber?

The subscriber is the individual who is enrolled in the program through his/her employer. Dependents include the subscriber's spouse or children, referred to as members.

Benefit Plan Questions

How do I access my vision benefit?

To access your vision benefit:

1. Locate the EyeMed provider most convenient for you by calling our Customer Call Center or visiting our website.
2. Schedule an appointment. When making the appointment tell the office that you are an EyeMed member and provide your name, the name of your organization or plan, and your member ID number.
3. When you arrive, identify yourself as an EyeMed member and present your ID card.
4. Your EyeMed provider will take care of the rest.

Do I need an identification card to access my benefits?

While ID cards are not required for members to receive services, EyeMed provides each subscriber with two ID cards as a courtesy. We have found that the use of ID cards can expedite the process, as they supply providers with all the information needed for eligibility verification.

How do I request additional Member ID cards?

Although member ID cards are not required to receive service, you can request additional cards through our website or by calling the Customer Care Center.

Will I be able to choose any eyewear product available at an EyeMed provider location?

Yes! With EyeMed, you can apply your benefit toward any available frame or brand of contact lenses that fit your lifestyle. Simply consult with your provider if you have any questions about how your vision care plan will be applied toward your eyewear purchase.

Can I purchase two pair of eyeglasses and/or eyeglasses and contact lenses in the same benefit period?

Yes! With discount plans, the frequency is unlimited. For funded plans, members are eligible for discounts off a complete pair of eyeglasses and conventional contact lenses once the funded benefit has been used.

This flexibility allows members to combine their funded benefit with the additional savings in order to obtain multiple pairs in one benefit period.

Do you offer additional discounts beyond the benefit plan?

Yes! You will have the following additional savings available with funded plans:

- Discounts off additional complete pairs of glasses and additional conventional contact lenses once the funded benefit has been used
- Discounts on items not fully covered by the plan
- Discounts off the balance over frame allowance
- Discounts off any remaining balance over conventional contact lens allowance

How do I submit a claim?

You are only responsible for submitting claims when using benefits at an out-of-network provider, as it is the responsibility of the provider to verify eligibility and submit the claim for in-network services.

If you visit an out-of-network provider, you will be responsible for paying the provider in full at the time of service, and then submitting the claim and receipts to EyeMed for reimbursement.

To ensure timely payment, contact our Customer Care Center or visit the EyeMed website to request an out-of-network claim form prior to seeing the doctor. Mail/Fax or e-mail the completed form along with the itemized paid receipts for services and materials to the following:
